Twenty Minutes of Your Time

All the grit and nerve of a touring car—all of its staunch stick-to-it-iveness—comes out in a hill-climbing contest. The Oakland in that field is first.

It has won more notable hill climbs in the past two years than any one other car.

Its engine takes hold of a steep grade with a bull-dog grip; and hangs on and goes up.

That's what you want. That's what you need nine-tenths of the time—power on the hill, power on the up-grade, power at low speed—not power on the asphalt at forty miles an hour.

"Oakland Tilted Engine."

You get it on the Oakland. You get it because of the straight line drive—the tilted Oakland engine which puts every ounce of power into the wheels.

It was the straight line drive that won high honors in every hill-climb the Oakland has entered.

When you come to try out the Oakland, leave the speed test to the last. It will deliver you all the speed you want and more than you can ordinarily use—60 miles an hour if you like.

But make the hill test and grade test first. Ask it to do the difficult—the almost impossible.

Then note what it does with its full 40-horse power—what it does and how smoothly, how grandly it does it.

Oakland "40" at \$1700

Note that 40 horsepower, by the way—because the Oakland is the only 40-horse power on the market that sells at such a price.

The same qualities that place it at the forefront of the hill climbing class makes the Oakland the most economical of all forty horsepower cars.

None of the power leaks or goes to waste—the straight line drive attends to that; the wonderful system of lubrication helps and the beautiful simplicity of the motor does the rest.

An Oakland stock car, taken right off one of our dealer's floor, went through the Glidden Tour with a perfect score, carrying a full load, and accomplishing all that was done by its big, high-powered competitors.

The Oakland straight line drive shaft is made possible by tilting the engine. That's a simple little thing to do, but only an old, experienced Oakland designer would think of it.

A novice can run and care for an Oakland because the Oakland has many other mechanical advantages—for instance, its lubricating system.

Oakland Lubrication.

The largest distributor of automobiles in a western city says: "I wish every car that I sold had the Oakland lubrication system. It is the greatest system in the world."

It is worth while for you to send for a catalog, or step into our store and have the system explained to you. It will take only a minute of your time, and you will be repaid many times.

Oakland Removable Cylinder Heads

Another Oakland selling point is the removable cylinder heads, which facilitates the removal of carbon from the combustion chambers.

is all we ask to prove that you ought to own an

Oakland

40 H. P., \$1,700

Compare the Oakland's Hill Climbing Record With That of Any Other Car, Regardless of Price.

The Oakland was winner in the free-for-all standing-start hill climb at Paris, Ill., May 19, defeating 60 horsepower cars. This was the first hill climb our 1910 Model Forty entered this year.

1909 HILL CLIMBS

Morgan Hill Climb, Logansport, Indiana, April 2, Oakland won; time, 39 seconds, defeating nine other cars.

Fort George Hill Climb, New York, April 26, Oakland won in \$2000 touring car class; time, 46 1-5 seconds.

Giant's Despair Hill Climb, Wilkesbarre, Pa., May 31, Oakland won in the \$2000 class; time, 2:11 4-5 seconds.

Mt. Vernon Hill Climb, Mt. Vernon, N. Y., June 5, Oakland won; time, 25 1-5 seconds; defeating 24 entries, some selling as high as \$4000.

Hoopeston, Ill., Climb, June 9, Oakland won in both \$2000 and \$3000 class; time, 30 1-4 seconds.

Porter Hill Climb, Cleveland, Ohio, June 9, Oakland won in both the runabout and touring car classes selling at \$2000; time, 55 4-5 seconds.

Fort Ancient Hill Climb, Cincinnati, Ohio, June 26, Oakland won in \$2000 class and in the free-for-all, defeating five other cars selling as high as \$4200; time, 1:17 1-5 seconds.

Algonquin Hill Climb, Chicago, Ill., August 5, Oakland won first and second place in the \$2000 class.

Sportlet S

By Tim

There is no question about it. Governor Gillett should have known what is right and what is wrong when the fight was first suggested. His tardy action can only bring disgust from the sporting element, and disrespect from the anti-fighting organization. He is due no credit either going or coming.

What in recent years has caused more talk than the big fight? The Associated Press has devoted more space to it than perhaps anything since a Spanish war battle or the San Francisco earthquake. Even the return of Teddy has not made a ripple as compared to it.

It is said that Marty Cutler has left the Johnson camp, and with good reason. It will be remembered that Johnson beat up Marty because of a broken camp rule. The partner just took French leave without even kissing the negro goodbye.

The college orsamen found it too hot yesterday and there was little work done. Each crew paddled about briefly.

George Little, former manager of Jack Johnson, through an attorney has procured an attachment in Chicago to prevent the sale of Johnson's \$15,000 residence in this city. Little alleges that Johnson has refused to repay \$10,000 which he posted as a forfeit for

Johnson's fight with Jeffries. He charges that the negro fighter is attempting to dispose of all his property to avoid paying the debt.

"Cyclone" Johnny Thompson, of Sycamore, Ill., won a decision over "Bird" Collins, the negro lightweight, at Salt Air pavilion last night. Collins was outfought up to the seventh round when his seconds threw up the sponge.

A base on balls to Furtel scored the winning run of yesterday's Chicago-Philadelphia game.

At Buena Vista yesterday, jockey Ode rode Doride to victory, cashing 20 to 1. Big fields were the features of the day.

W. H. Moore, of New York city, seems to be winning everything at the International horse show at London. He took two first honors yesterday.

Boston hit Mullin so hard yesterday that Detroit lost, 8 and 3. Karger was effective except in two innings.

Footspring, of August Belmont's stable, easily won the Tremont stake for yearlings at Gravesend yesterday. It brought \$6000.

Herzog of Boston made a sensational stop in the sixth yearling, and St. Louis was shut out, 2 and 0.

Crown 31 ran and the Atoll yesterday signed for a 19 round fight at Maud Junction June 24. They will weigh in at 124, in accordance with the decision

of promoter T. J. McCarry, arbiter for the weight dispute.

It took Brooklyn 14 innings to wrap Chicago yesterday. It ended 2 and 3 and was a game of games.

As yesterday's surprise at London, Belle Clem took the Merchants' stakes. The course has lived.

Jim Barry and Sandy Ferguson, heavyweights, are scheduled to meet Friday evening for a 19 round go at Meud Junction, Cal. Probably they will be allowed to fight while the champions will not.

Play in the individual tennis tourney began Wednesday afternoon on Y. M. C. A. courts. The first player taking nine games will win the match. First day scores follow: Ormsbee, 3 Overstreet, 4; Raum, 3; Hafey, 0.

NELSON WANTS TO MEET AD WOLGAST

Battler Visiting His Ranch Near Nara Visa, New Mexico.

Dalhart Texas, June 16—Battling Nelson took breakfast here this morning at the DeSota hotel en route to Nara Visa, N. M., to rest on his ranch for a few days and thence he goes to El Paso to witness the big Jeffries-Johnson fight. He was feeling fine and in good shape and expressed a great desire to meet Ad Wolgast as soon as possible.

Nelson is popular here, as he owns the finest ranch in New Mexico and stands high.

BISBEE FANS HAVE BIG FIGHT TICKETS.
Bisbee, Ariz., June 16.—Jack Rice, local ticket agent for the Jeffries-Johnson fight, states that 70 seats in the 130 section have been sold.

GETS MARRIED.
E. L. Gates, local representative of the International Correspondence schools, surprised his friends Wednesday night by getting married. Nobody knew anything about it until it was all over, and Miss Betty Yett was made Mrs. E. L. Gates. Mr. and Mrs. Gates will be at home, 501 Mesa avenue.

Dr. C. M. Hendricks has returned from St. Louis, where he attended the annual meeting of the American Medical association.

THE WEATHER.

Forecast.

For El Paso and vicinity: Fair tonight and Friday.

For New Mexico: Fair tonight and Friday.

For west Texas: Tonight and Friday partly cloudy weather, warmer tonight in southern portion.

River.

River at El Paso: Height of surface this morning above fixed zero mark, 11.6 feet; this date last year, 14.3 feet.

Temperature.

Highest temperature at El Paso last 24 hours, 97 degrees; lowest last 12 hours, 66 degrees. (Temperature taken at 6 a. m., Thursday.)

ARSENATE OF LEAD AS A BOLL WEEVIL MENACE

Baton Rouge, La., June 16.—That repeated experiments with arsenate of lead have proved conclusively that this chemical is a protection against the boll weevil is the assertion today of William Newell, secretary of the Louisiana crop pest commission. Newell issued a bulletin advising cotton planters to employ this preparation.
